Continuing Expansion at the Museum

Expansion projects can be undertaken by museums to gain more space and make their venues more accessible to visitors. Enhancing the experience involves updating their facilities and introducing more sustainable design, while also providing access to interesting artifacts.

Starting in 2008 the Baseball Hall of Fame Museum located at the Access Centre in Morden, has been gradually taking place. What was originally the racket courts has been repurposed to showcase approximately 50 jackets and jerseys. Some of the mannequins have been dressed in uniforms dated from the 1900s to the 1990s.

"We will be looking to repurposing space and redesigning for the future. New showcases are on 'tap' along with sensor lighting. This will be a large expense, which will be gradually incorporated," noted Jim Mutcheson, Administrative Manager.

Staff and volunteers have been working diligently to provide views with fresh, interesting, and ongoing exhibits.

The museum is part of the Musetoba. All items will be going

into a data base which all Manitoba museums will be part of.

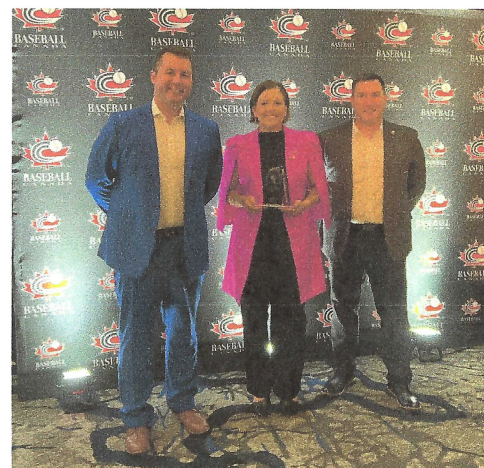

Musetoba is collection management software that has been crafted specifically for museums in Manitoba. For many years, the AMM has planned for a common database for Manitoba museums. After discovering that their previous software was no longer supported and/or the cost was prohibitive, museums looking to renew or purchase collections management software decided to start the project.

"Ours is not too bad so far," noted Mutcheson.

More volunteers are needed by the museum to conduct guided tours. The Education System Volunteer Credit program will commence this semester. For 50 hours of volunteer work, students have the option to receive a 1/2 credit for 50 hours or a 1 credit for 100 hours of volunteer work.

Jim pointed out that "weekend volunteers can be very productive and promote what we have here."

The museum is pursuing the prospect of a digital projection component which would display various parts of the museum. They hope to feature their Induction Banquet as well as highlight their inductee interviews.

Boissevain's Zoe Hicks named MVP of Baseball Canada's Women's National Team

To be noticed is 'a big deal for me,' says 25-year-old star

CBC News · Posted: Nov 13, 2023 10:31 AM CST | Last Updated: November 13, 2023

Canada's best baseball player is from Boissevain.

Zoe Hicks, who plays both baseball and softball at the national level, has been named most valuable player of Baseball Canada's women's national team.

"It definitely was a surprise to me. I always try and perform for my team when the moment calls, but I didn't really expect to be the MVP this season," Hicks, 25, said in a telephone interview.

"I'm just kind of trying to do my best for the team, so it was it was a really big accomplishment for me to be succeeding and doing all that I can, on the field and off the field — to just be noticed for that. It's a big deal for me."

2024 Manitoba Baseball Hall of Fame Inductees

KINOSOTA COUGARS, 1965-1970

SENIOR CLUB TEAM CATEGORY

A baseball team was first formed in Kinosota in the 1930s. The team became the Cougars around 1961. The caliber of the team and the support from the community peaked in the late 1960s. A huge highlight was playing baseball in front of Queen Elizabeth in an exhibition game in Portage in 1970. The team has since disbanded but a large cougar on a huge rock at the entrance to the village of Kinosota informs you that this is the "Home of the Cougars."

2010 MANITOBA JUNIOR LEAGUE ALL STARS

SPECIAL TEAM CATEGORY

This team won the 2010 Junior National championship held in Trois Rivieres, Quebec. It had been 28 years since a Manitoba team had done this. The team was composed of players from different communities that had teams in the Manitoba Junior Baseball League. The Manitoba team did not have power hitters so had to rely on "small ball" to get their results. The players stole bases, bunted, used the hit-and-run, played solid defense, and above all pitched well throughout the tournament. The tournament MVP was Anthony Friesen.

FAMILY CATEGORY

THE TYCOLES FAMILY, RESTON

Ross Tycoles was employed by the Bank of Montreal and moved from Saskatchewan to Reston in 1974. In 1975 he married Carol Ellis of Reston. In the 1980s the couple had three children. Soon the Tycoles family was becoming known as the first family of baseball in southwestern Manitoba. It is appropriate that Reston's ball park is Tycoles Park. Ross was a prominent slugger who became an outstanding coach and organizer. He took the Reston Rockets from AA to AAA caliber in 2007 and eventually to two Canadian championships as Manitoba's representative. He is now chair of Baseball Manitoba's Senior Council. Son Aaron was part of the Rockets in their glory years and now lives in Rivers where he has been instrumental in developing minor baseball and a new baseball complex. He served for eight years on Baseball Manitoba's Management Committee and is now President of the Westman region. Second son Rory was also part of the Rockets. He was Manitoba's Senior AA Player of the Year in 2004 and AAA Player of the Year in 2012. Later he moved to Stonewall and was part of the Western Canada champion Stonewall Blue Jays in 2019. He lives in Lundar and is active in minor baseball and in building better baseball facilities. Daughter Amy also now lives in Lundar where she is Vice-Principal. She was the long time Reston Rockets announcer, scorekeeper, program maker, 50/50 coordinator, and canteen coordinator. She has been announcer/statistician/scorekeeper at Nationals in Brandon and Westerns in Stonewall. Meanwhile Carol has been for nearly half a century organizing lunches, cleaning uniforms, arranging car rides, and cheering for husband, children and grandchildren.

MANITOBA'S 1977 SUMMER GAMES TEAM

SPECIAL TEAM CATEGORY

The 1977 Canada Summer Games were held in St. John's, Newfoundland. Manitoba won a silver medal in the baseball tournament. The players on Manitoba's team came from the Manitoba Junior League, the Redboine League, and the Manitoba Senior League. As it turned out, half the players came from Winnipeg and half from rural Manitoba centers. The team jelled under coaches Joe Wiwchar and Gus Beitz.

OIL DOME BANTAM ALL STARS, 1990

SPECIAL TEAM CATEGORY

This was an all-star Bantam team formed for the Manitoba championships and then with further pickups for the Western Canada Championships held in Carman. In the Western Canada tournament, they went undefeated in round robin play and faced Saskatoon in the final. The team was coached by Doug Miner of Pearson, assisted by Murray Zuk of Souris and Wayne Keeler of Hartney. Among the players were outstanding athletes such as future pro baseball player Troy Fortin and future NHL players Marty Murray and Pete LeBoutillier.

HONOURARY LIFE MEMBER

GLENNIS SCOTT

Glennis Scott has been inducted into our Hall of Fame (1998) and selected for Manitoba's All Time Dream Team (2016). These honours came mostly because he was one of the best pitchers our province has ever produced. He also became an outstanding coach and clinician. However, today we recognize him for his enormous contributions to the Hall of Fame. He was one of the original Directors.

HONOURARY LIFE MEMBER

JOE WIWCHAR, MORDEN

Joe Wiwchar was inducted into the Manitoba Baseball Hall of Fame in 1999 and the Canadian Baseball Hall of Fame in 2023. He was an outstanding coach for half a century at the local, provincial, and national levels. He also served Baseball Manitoba in many capacities for more than three decades. He has now become an Honourary Life Member of this Hall of Fame because of his efforts as a volunteer Administrative Manager of our Museum. He held the position for the first 24 years of the Museum's existence
