All eligible teams must be determined by the deadline of May 15.

TOURNAMENT RULES

Tie-Breaking Rule (Round-Robin Events Only)

Two Teams Tied - Round-robin winner in game between tied teams shall advance.

Three Teams Tied for first- When three teams are tied for first place in a round-robin draw the team with the best win-loss record in the game(s) played between or among the tied teams will place higher in the standings. Following this, if the three teams are still tied for first place, one team will be awarded first place based on the three teams tied formula (as shown below). The remaining two teams will play a tie-breaking game. The winner of the game will advance along with the first place team to the play-offs. This tie-breaking game will only be played when the tied teams have zero or one loss. If all tied teams have two losses, the formula will for tied teams will determine the teams that advance.

Three Teams Tied for second- When three teams tie for second, the team with the best win-loss record in the games between or among the tied teams will place higher in the standings. Following this, if the three teams are still tied for second place, the three teams formula will be used to determine standings. There will not be any play-off games.

Three teams tied formula (use these in the order they are listed)

- 1) Runs Against
Defensive Outs (= Lowest Ratio Advances) (Games between tied teams only)

Example for 13U

Team A - 11 Team B - 1 21 defensive outs charge to Team A for a Mercy Rule win. 15 defensive outs charged to Team B

Team C - 9 Team A - 8 in 21 defensive outs

Team B - 15 Team C - 13 in 21 defensive outs

	<u>Team A</u>	<u>Team B</u>	<u>Team C</u>
Runs against	10	24	23
Number of defensive outs	42	36	42
Ratio	.238	.667	.548

In this example, Team A is declared first

For tie-breaking procedures if a game is forfeited, the final score will be recorded as 1 run per scheduled inning (6 for 11U, 7 for 13U, 15U and 18U), or the actual score for the team awarded the win, whichever **run differential** is greater. This is the score that will be used if necessary in the formula.

- 2) Runs For
Offensive Outs (= Highest Ratio Advances) (Games between tied teams only)
- 3) Runs Against
Defensive Outs (= Lowest Ratio Advances) (All games included)
- 4) Runs For
Offensive Outs (= Highest Ratio Advances) (All games included)
- 5) Three-way coin flip.

HOSTING GUIDELINES

NOTE: When a multiple tie occurs and is only partially resolved, the remaining ties will be resolved by continuing on with the remaining tie breaking priorities until all 5 priorities have been exhausted. In continuing, the statistics of all the originally tied teams are still used until all priorities have been applied. Then and only then will the remaining tied teams return to priority number 1 and proceed through the order again.

In the event of a 6 team pool modified event, where all teams do not play each other, and a 3-way tie occurs, the tie-breaking rules will be followed as above (best record amongst tied teams), even if the number of games played by all teams is not equal. For example, a 1-0 record will trump a 1-1, or 0-1 record.

TEAMS WITH 2-2 RECORD

Teams with 2-2 records after pool play would not play in tie-breaking games. Formula would determine who advances.

FINAL GAMES

For provincial championship final games, there will be a coin toss for home team only if the teams are from different pools. If both teams are from the same pool, the team with the higher pool standing will be home team.

Playing Rules

- 1) C.F.A.B. playing rules apply for all tournaments.
- 2) Pitching rules - as per C.F.A.B. Rulebook
- 3) Length of Games:
Mosquito - 6 innings
All others - 7 innings
Frank Richardson (Sr.) - 9 innings
- 4) Mercy Rule:
 - For leads of 10 runs or more, the game will be called after:

 - All others - 5 innings (4 1/2 if home team leads)
 - For run calculations, in a mercy rule game, the winning team will receive for 7 defensive innings (21 outs) while the losing team will only receive credit for the actual innings played and actual outs achieved. 11U will receive credit for 6 defensive innings (18 outs)

- 6) No courtesy runner for the catcher.
- 7) **GAMES WILL NOT END IN TIES.** All games are played until a winner is decided. Any tied games, if stopped due to weather or lack of sunlight will be considered suspended, and when play is resumed, will start at the point at which they were stopped. All regular pitching rules will still be in effect and are not circumvented due to the interruption.
- 8) Pitching rules for age advance players: The pitching restrictions for age advanced pitchers will be followed depending on the date of birth of the pitcher, not the age category the pitcher is playing. Thus, an age advanced pitcher will be bound by the eligible number of pitches for their chronological age, not for the category they are playing. (Example: a 15-year old 15U pitcher who is age advanced to play 18U will be limited to the 90-pitch limit – the 15U limit, instead of the 100 pitches – the 18U limit)
- 9) Pitch Count: For any games moved to a new weekend due to weather issues, all pitch counts will remain in force as if the original weekend was still being played. Pitchers are not to be granted fresh pitching starts even though there may be days rest involved.
- 10) Baseball Manitoba has adopted the Baseball Canada extra-inning procedure (**for Round Robin Games only**) as follows:
 - If the game is tied at the completion of regulation (7 innings, or 6 for 11U), the following procedures will be implemented during extra innings:
 - Each team will begin the extra inning (and any subsequent necessary extra innings) with a player on first and second, no outs.
 - The batting order of the extra inning or any subsequent innings will be determined by how the previous inning ended.

HOSTING GUIDELINES

- The traditional system of the visiting team hitting in the top of the inning and the home team hitting in the bottom of the inning will remain in effect until a winner is determined.

Example:

If the last regulation inning ends with the #6 hitter having the last plate appearance, then the extra inning begins the #7 hitter at bat, and the #5 hitter at second base and the #6 hitter at first base.

For the Tie-breaking formula and extra inning rule, only the runs scored/allowed in the regulation innings be counted in the run ratio. Do not use the extra inning stats in the tie-breaking formula.

Finally, all playoff games that end in ties (including semi-final and final games) will use traditional baseball rules to finish the game. The Baseball Canada Extra Inning Rules will NOT apply.

The Host Committee

Organization

As in planning for any event of the size and scope of a Provincial Championship, the first step is the formulation of a key group of volunteers. This group of volunteers will perform the "lion's share" of all tasks which must be accomplished in order for an event like this to be a success. Within this group there is always a key person, the one person to whom Baseball Manitoba can refer all matters not specifically covered under the duties and responsibilities of the many others involved. This is the Host Chairperson. This person oversees the local non-profit group organizing the hosting of the Provincial Championship and should be familiar with tournament operations. Directly under the Host Chairperson we have Division Directors, each of whom is responsible to the Local Chairperson for a major division of organization. The Local Chairperson, the Division Directors and the officers of the host group make up the Host Tournament Committee.

Tournament Chairperson

This individual supervises and is responsible for all phases of local tournament operation; serves as a general chairperson over all Division Directors; presides at all meetings of the Tournament Committee; attends meetings of divisions and/or committees within divisions to advise, direct and make assignments where she/he deems necessary. This individual is responsible for making sure that the Tournament Committee meets their responsibilities. This person should not serve as a Division Director so that she/he may be more flexible to oversee the entire operation.

HELPFUL HINTS FOR TOURNAMENT HOSTS

The following is a list of items that may help your tournament run more smoothly. Use those that work best for your particular situation. Most of these are not mandatory, but recommended to provide you, the athletes and the fans with the best possible experience.

Dress up your fields

- Provide signage for participants and fans (see below)
- Paint logo(s) on the field to provide profile and exposure to the community

Field safety considerations (liability)

- Any exposed points on fencing and backstop repaired
- Any holes in backstop repaired
- Holes/low spots in fields patched/filled
- Ensure all bases are in good shape and safe. Permanent anchor bases work best. If using regular bases, use at least two spikes to ensure minimum movement. (Note: double check the proper dimensions for the bases. All bases are measured from the back point of home plate. The measurement to first and third goes to the back of the bag, while the measurement to second goes to the middle of the base. The pitching rubber is measured from the back of home plate to the front of the rubber.

Tarp the dugouts

If you do not have enclosed dugouts, put tarps over the top of the fenced dugout, held down by bungee cords. This provides protection for the players from sun, rain, wind and also can provide some privacy for the team. Temporary wood supports may also hold the tarp. In addition, tents or sheltered areas should be set up for the fans.

Water

Provide minimally at least one jug per bench, depending upon weather. Use individual cups rather than one cup. Water is very important during hot weather.

Grounds maintenance

- Set up a field maintenance committee to oversee the preparation of the fields.
- Paint home plates and pitch plates white to for visibility, ensure they are attached solidly in the ground.
- Have extra sets of bases available at each field.
- Scarify and drag the infield to soften it. Fields that are too hard result in “rockets” and possible injury.
- Have tampers and material to fill low spots on mound and at plate.
- Have some rakes/brooms for smoothing field.
- Have on hand some *Diamond Dry* (a commercial product) or cat litter, some sand and spare infield material to help with wet field conditions.. **Note:** sand only displaces the water, it doesn't dry it up. *Diamond Dry* and cat litter absorb moisture.
- If the weather gets dry, irrigation of the field is important. Few diamonds have underground irrigation, but all can have access to water trucks, water cannons, hoses or the like.
- Have some large sponges, buckets and/or a pump to help remove sitting water.
- Make sure the fields are chalked, especially the foul lines. Foul poles are a nice touch if possible.

Signage

The following signs are some suggestions to help warn/inform players and fans:

- “Please be alert at all times. Keep your eyes on the playing field. Flying balls, bats or other objects of the game will leave the playing field”
- “No batting practice (or soft toss) against the fence”
- “No pepper or playing catch between the dugouts”

HELPFUL HINTS FOR TOURNAMENT HOSTS

- “Not responsible for personal injury, lost or damaged property”

Provide a list of prohibited items:

- (alcohol, pets, profanity, glass bottles etc., whatever applies) e.g. “No alcohol, or pets permitted on premises.”

Set up signs on the highway and signs in town telling people about the event, its location and times.

Scoreboard and/or announcer

Providing a scoreboard keeps the fans informed. Baseball Manitoba has portable scoreboards and pitch count clocks, which can be shipped to your event. An announcer can add a little flair to the proceedings and help promote any fund raising activities or other events.

Garbage cans in or near dugouts

Keeps the dugouts and playing field clean. Be sure they are emptied routinely to avoid spillage and insects.

Visible field numbers if more than one field being used (also direction signs to fields)

Mark each field with a number or name to help clearly identify them to the fans

First Aid

- Set up a first aid committee or arrange to have medical personnel in attendance
- Develop and institute an accident reporting system
- Post emergency phone numbers, procedures and hospital locations in permanent places
- Set up a first aid stand for the fans

Equipment

If the teams are going to have a hitting area for pre-game batting practice, some equipment should be supplied to the fields ensure safety for the players:

- Catch nets
- screen to protect the pitcher

Set specific practice times for each team if practices are being allowed.

Protest Committee

DO NOT have any of the coaches of competing teams or any of the umpires officiating in the tournament as members of the protest committee. Participating coaches can result in conflict of interest while use game officials can unnecessarily delay the games.

Schedules/Draws

- Post the draw schedule in prominent viewing areas
- Update the draw scores after every game

Pitching charts (if applicable)

- Post the **Pitch Count** chart in prominent viewing areas
- List the innings pitched immediately after the game to avoid future problems
- Have coaches sign the score sheet after each game to verify the innings pitched. Once signed, no adjustments can be made.

Scorekeepers

- Assign scorekeepers to each game. Scorekeeping ability is not as important as keeping track of outs, inning, score and innings pitched and player eligibility.
- Assign Pitch Count trackers to monitor the number of pitches thrown.
- Have coaches sign the score sheet after each game to verify the innings pitched and the score. Once signed, no adjustments can be made.
